The Johns Hopkins Medicine / Kaiser Permanente
Collaborative Research Committee
cordially invites you to:

Learn about our newly launched research collaboration as
part of the JHM/KP strategic relationship

Gain a better understanding of research at each organization

Engage and brainstorm about how we can collaborate in
joint research that will benefit the overall health of our
patients, members, and communities as well as the
health of the nation

We will host a dinner the night before the Symposium.

A block of hotel rooms have been held at the Mount Washington Conference Center for those who need hotel accommodations. Please call 410-735-7964 to book your room under the “Research Symposium” block.
